

BOX.COM INSTRUCTIONS

Box.com allows evidence admitted at trial to be easily viewed via a large screen monitor by the jury during deliberations. Box.com reduces the need to handle physical evidence while allowing the jury to view evidence multiple times, play audio and video recordings, and zoom in on pictures and documents. Box.com will NOT be used to present evidence in the courtroom. **Counsel will be responsible for presenting their evidence to the Court and the jury during the course of the trial.**

SUBMITTING EXHIBITS TO THE COURT

The Courtroom Deputy will email a link to counsel for both parties. The link will include an invitation for counsel to create a free Box.com account. Once the account has been created, counsel will have the ability to upload their exhibits to their appropriate folder. Counsel must upload all proposed exhibits to Box.com no later than COB on July 6, 2022.

Each of the files uploaded must be saved using the naming convention described below. It is the responsibility of counsel that exhibits used during trial coincide in exhibit number to the exhibits uploaded to Box.com.
